## **Latest News from Inside the Resort!**

Hi! I am Jordan Palk and I am the Rooms Division Manager at **Abbey Beach Resort** located in **Busselton** on the South West tip of Western Australia. I have been with the resort for 3 years having met a Busselton girl and followed my heart here to this beautiful part of the world.

As a resort we love to keep all of our [VIP members](#), guests and followers up to date with what happens at the resort on a weekly basis so that you can experience 'Abbey life' first hand through our social media postings. With this in mind I decided to take this one step further and write a blog so you can follow daily life at the resort and what being part of the Abbey team is really all about.

Well it is the end of a week in which the weather can only be described as a mixed bag! Having had glorious sunshine and temperatures around 30c the previous weekend, we have experienced cooler temperatures throughout the week. This being said, there is nothing better than to walk around the resort and to see guests enjoying the morning and afternoon sun on their balconies or for children to be splashing in the pools. We are also coming into wedding season here at the resort. I was lucky enough to catch one of the brides at weekend walking down the aisle at our ceremony location and with **Geographe Bay** as the backdrop it really is a beautiful setting to have a wedding especially with the sun shining!

With the increase in sunshine it is great to see the local wildlife such as the bobtails starting to resurface around the pathways at the resort. With our resident possums and the waterbirds making nests on the lake, it is a hive of activity for our native wildlife! We have been getting some great feedback from our guests regarding the whale watching tours with tour companies seeing unprecedented numbers in Geographe Bay. If you are staying in house with us in the coming weeks, please do not hesitate to contact our reception and book either a [whale watching](#) or [winery tour](#), we are always happy to assist.

It promises to be a busy and exciting few weeks coming up for the **Margaret River Region** and for the resort with [Gourmet Escape](#) and [Ironman Western Australia](#) taking place. With such chefs as Heston Blumenthal and Neil Perry visiting the region it really is a food lover's delight! While Ironman Western Australia really is one of the highlights of living in Busselton and always generates a great atmosphere at the resort.

Have a great weekend everyone and if you are undecided on your weekend plans how about coming to stay with us this weekend!

Best Regards

**Jordan Palk**
